**ABOUT THE TOURNAMENT**

We would like to thank everyone for their participation with our 8<sup>th</sup> Annual Golf Tournament! All of the net proceeds from this event will be used to provide education to prevent and delay complications associated with the diabetes. The Diabetes Education Clinic has provided self-management training classes to over 5,000 Lancaster and surrounding area residents.

Diabetes is the number one cause of adult blindness and lower limb amputations. According to South Carolina DHEC an estimated 9% of adults in Lancaster County have diabetes. By teaching healthy lifestyle habits and implementing them, persons with diabetes can lead longer more productive lives. With your generosity, The Diabetes Education Clinic can continue to aid in the diabetes prevention and health promotion.

**PARTICIPATION**

Individuals and public spirited business firms can join in making this event a financial success.
