Authorization to Apply Current Financial Aid to Prior Semester Charges

If a student has a bill from a prior semester and the student wishes to pay with current semester Financial Aid it is allowed so long as those two semesters are in the same Academic Year.

If the student has a bill from a prior academic year, no more than \$200 of the current year financial aid may be applied to the prior year charges.

To authorize payment of a prior semester bill a student must complete this form and return it to the financial aid office.

To be completed by student:

I, _____, (XXX-XX-____), do hereby
(Printed Name) (Last 4 digits of SSN)
authorize \$ _____ of my current financial aid from the _____ semester to be
(amount) (current semester)
applied to pay the prior charges I have incurred from the _____ semester.
(semester of charges)

I understand that this will reduce the overage I may receive from the current semester.
