

USC Lancaster has received a state allocation for renovations to the Gregory Health and Wellness Center. Renovations will begin in the month of August 2017 and will involve the men's and women's locker rooms and shower areas as well as the gymnasium. Every effort will be made to keep activities and areas of the Center open and functioning on a normal schedule; however, at times, certain areas will be closed and inaccessible. For instance, there will be a period of weeks when both the men's and women's locker rooms/showers will be closed for renovation work. **Please begin removing any personal items from lockers and ensure all items are removed by Friday, August 11, 2017.** We kindly ask for your patience and understanding during this process as we look forward to opening newly renovated spaces later this fall. If you have any questions, please contact Center director, Don Gardner. As we receive confirmed dates for work to begin we will pass those along.
