

FINANCIAL AID

Applying for Financial Aid- If you have not been awarded it is not too late to apply for eligibility. To do so, complete the FAFSA online (<http://www.fafsa.ed.gov>) or pick the form up from our office.

Advanced Payment- If you have been awarded you may view your awards online by going to <https://vip.sc.edu> and clicking on “Financial”. You can “authorize” your financial aid to pre-pay your Fall 2009 fees beginning as early as **July 13th**. You will still be responsible for paying any amount your Financial Aid does not cover by the payment deadline of **August 18th**.

Enrollment Status- Financial Aid awards are initially made based on full time enrollment. If you know you will be enrolling in less than 12 hours in the Fall semester you must complete a “Minimum Hours Adjustment” form in our office (*Minimum Hours not Met* will appear on your bill until you have done so).

Scholarship Recipients- If you are receiving a scholarship you must forward a copy of your award notification to the Financial Aid Office, with a copy of any check paid directly to you. If you received a check payable to USCL then you must bring it to the Financial Aid Office, and it will be placed on your student account for you to apply it to your bill (see Advanced Payment).

Loan Borrowers- Students already awarded Stafford Loans should use their loans to pre-pay their bill (see Advanced Payment). Students who did not receive a Stafford Loan as part of their financial aid package and wish to should come by the Financial Aid Office to complete a “Stafford Loan Request” form.

Disbursement Dates- Fall Loan Disbursements are anticipated to be available on **August 13th**; however, you must have completely paid your bill before your refund check will be available. Your loan disbursement will not be sent until you have completed all of your requirements, which may prevent you from receiving an overage check (*Check has not Arrived* will appear on the bill until the loan money arrives).

First time borrowers- First time Stafford Loan borrowers must complete a Master Promissory Note, which is sent to the student by the lender, and must complete Loan Entrance Counseling which can be done online at <http://mapping-your-future.org/services/oslcidx.htm> (*Entrance Counseling* will appear on your bill until you have done so).

Perkins Loan Borrowers- Perkins Loan recipients must complete a Promissory with the Business Office (*Promissory Note must be Signed* will appear on your bill until you have done so).

Veterans- If you are eligible for Veterans Benefits and wish to receive them in the Fall Semester you must complete an “Enrollment Certification Request”, and we must have all other necessary documentation on file already (ie: DD-214). You can call the Financial Aid Office to request this form. If you are seeking an Advanced Payment, your request must be in before **July 1st**.

Lottery, LIFE and SNBG- If you have been awarded a State Grant or Scholarship you must sign an affidavit. This will be sent with your award letter, or you may come by the Financial Aid Office to do so (*Award on Hold* will appear on your bill until the Affidavit is signed). To be eligible for Lottery you must have filed a Free Application for Federal Student Aid.

Overage Checks- Overage Checks refer to financial aid funds that exceed tuition and fees. If you are expecting an Overage Check, you must have completely paid your bill before it will be available. Fall Overage Checks will not be available any sooner than August 11th, though loan funds will not be available until August 13th.
