

Minutes from the Math Club Meeting on November 12, 2008

Secretary: Ashlyn Ruckart

We need to raise some money, so we need to do some fundraisers! We have 3 possible ideas so far. The first is a breakfast ticket costing \$5 that includes pancakes, eggs, bacon, and coffee, soda or tea. The Math club will keep \$2 off every ticket sold. We cannot do this until April, but we have decided to do it. The second is Chick-fil-a will let us sell cheesecakes for \$20 and make a \$7 profit off every one we sell and calendars for \$7 and we keep about \$3.50 off each one. This idea is good, but a little expensive and hard to sell. The final idea was to walk with the car hops at Sonic between 5-9pm with a bucket to collect donations. Sonic will also give us 10% of the sales between those times. This sounds like the best idea so far. Susan is calling to find out which night would be best for us to do this on. If there are any other ideas please feel free to share them. At the meeting we also had Prof. Burq come talk to us about the math contest. The video must be submitted by Feb. 2nd. Please contact her if you are interested!

In attendance:

Members: Adam Lamberts, Angela Sims, Susan Knight, Bob Dyer, Ethan Catherman, Ashley Sledge, and Ashlyn Ruckart
Advisors: Shemi Alhaddad, Andrew Yingst
