

2012 USCL New Orleans Study Trip Itinerary and Payment Information

The itinerary for our 2012 summer trip to New Orleans is just about complete. We're still finalizing the exact details so we can't guarantee that there won't be some changes, but this schedule is a good estimate of what we'll do in New Orleans. We're estimating that the price for the trip, including tuition, travel, housing, six breakfasts, and all required activities is \$1600 per student, but since the dean has generously agreed to waive tuition for students going on this trip, the total cost will be \$900. If circumstances require changes in the itinerary, however, we will have to alter the price accordingly.

Certain aspects of the itinerary are time-sensitive and require reservations, so students interested in the 2012 USC Lancaster Travel Study trip to New Orleans can reserve their seat in the class by making an initial deposit of \$300 at the Business Office by December 5, 2011. We will require students who want to go on the trip to make two more payments of \$300 on February 1, 2012 and April 2, 2012.
